ImagingLab Terms and Conditions of Sale

Customer and ImagingLab agree that the purchase and sales of “**ImagingLab Robotics Library for Denso**” (“the Products”) and ImagingLab hardware and software services and support (the “Services”) are made under these terms and conditions, and that ImagingLab SHALL NOT BE BOUND BY CUSTOMER'S ADDITIONAL OR DIFFERENT TERMS. Customer's order and purchase of the Products and Services shall constitute acceptance of these terms and conditions.

1. **TITLE.** Title to the Products shall pass to the Customer upon shipment or download. However, ImagingLab retains a security interest and right of possession in the Products until Customer makes full payment.
2. **TAXES.** Product prices are exclusive of, and Customer shall pay, applicable sales, use, service, value added or like taxes, unless Customer has provided ImagingLab with an appropriate exemption certificate for the delivery destination acceptable to the applicable taxing authorities.
3. **PRICES AND PAYMENT.** All quotations shall expire thirty (30) days from date of issuance, unless otherwise set forth on the quotation or agreed in writing. Customer shall make payment in full prior to or upon delivery by cashier's check, credit card, or money order, unless ImagingLab approves Customer for credit terms. If ImagingLab approves Customer's credit application, payment shall be due no later than 30 days from the date of ImagingLab invoice. All sums not paid when due shall accrue interest daily at the lesser of a monthly rate of 1.5% or the highest rate permissible by law on the unpaid balance until paid in full.
4. **ORDERS.** All orders are subject to acceptance by ImagingLab. ImagingLab booking of an order shall constitute its acceptance of an order.
5. **LIMITED WARRANTY.** ImagingLab hardware Products are warranted against defects in materials and workmanship for one (1) year from the date ImagingLab ships the Products to Customer (“Delivery Date”). Any replacement of a licensed software product will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer. Customer must obtain a Return Material Authorization number from ImagingLab before returning any Products under warranty to ImagingLab. Customer shall pay expenses for shipment of repaired or replacement Products to and from ImagingLab. After examining and testing a returned product, if ImagingLab concludes that a returned product is not defective, Customer will be notified, the product returned at Customer's expense, and a charge made for examination and testing. This Limited Warranty is void if failure of the Products has resulted from accident, abuse, misapplication, modification, improper calibration by Customer, Customer supplied third party software not intended for use with the applicable ImagingLab software, utilization of an improper hardware or software key or unauthorized maintenance or repair.
6. **CUSTOMER REMEDIES.** ImagingLab sole obligation (and Customer's sole remedy) with respect to the foregoing Limited Warranty shall be to, at its option, return the fees paid or repair/replace any defective Products, provided that ImagingLab receives written notice of such defects during the applicable warranty period. Customer may not bring an action to enforce its remedies under the foregoing Limited Warranty more than one (1) year after the accrual of such cause of action.

7. **RETURN/CANCELLATION/CHANGE POLICY.** Customer may return unwanted Products within thirty (30) days of the Delivery Date. Customer shall pay a fifteen percent (15%) restocking charge on any unwanted Products returned to ImagingLab. No returns will be accepted after the thirty (30) day period has expired. Where special equipment or services are involved, Customer shall be responsible for all related work in progress; however, ImagingLab shall take responsible steps to mitigate damages immediately upon receipt of a written cancellation notice from Customer. A Return-Material Authorization number must be obtained from ImagingLab for return of any Products. ImagingLab may terminate any order if any representations made by Customer to ImagingLab are false or misleading. Changes to orders shall not be binding upon nor be put into effect by ImagingLab unless confirmed in writing by ImagingLab appropriate representative.
8. **NO OTHER WARRANTIES.** Except as expressly set forth above, the products are provided "as is" without warranty of any kind, and no other warranties, either expressed or implied are made with respect to the products, including but not limited to any implied warranties of merchantability, fitness for a particular purpose, title or non-infringement or any other warranties that may arise from usage of trade or course of dealing. ImagingLab does not warrant, guarantee, or make any representations regarding the use of or the results of the use of the products in terms of correctness, accuracy, reliability, or otherwise and does not warrant that the operation of the products will be uninterrupted or error free. ImagingLab expressly disclaims any warranties not stated herein.
9. **NO LIABILITY FOR CONSEQUENTIAL DAMAGES.** The entire liability of ImagingLab and its licensors, distributors, and suppliers (including its and their directors, officers, employees, and agents) is set forth above. To the maximum extent permitted by applicable law, in no event shall ImagingLab and its licensors, distributors, and suppliers (including its and their directors, officers, employees, and agents) be liable for any damages, including, but not limited to, any special, direct, indirect, incidental, exemplary, or consequential damages, expenses, lost profits, lost savings, business interruption, lost business information, or any other damages arising out of the use or inability to use the Products, even if ImagingLab or its licensors, distributors, and suppliers has been advised of the possibility of such damages. Customer acknowledges that the applicable purchase price or license fee for the Products reflects this allocation of risk.
10. **WARNING:** (1) ImagingLab Products are not designed with components and testing for a level of reliability suitable for use in or in connection with surgical implants or as critical components in any life support systems whose failure to perform can reasonably be expected to cause significant injury to a human. (2) In any application, including the above, reliability of operation of the software products can be impaired by adverse factors, including but not limited to fluctuations in electrical power supply, computer hardware malfunctions, computer operating system software fitness, fitness of compilers and development software used to develop an application, installation errors, software and hardware compatibility problems, malfunctions or failures of electronic monitoring or control devices, transient failures of electronic systems (hardware and/or software), unanticipated uses or misuses, or errors on the part of the user or applications designer (adverse factors such as these are hereafter collectively termed "system failures"). Any application where a system failure would create a risk of harm to property or persons (including the risk of bodily injury and death) should not be reliant solely upon one form of electronic system due to the risk of system failure. To avoid damage, injury, or death, the user application designer must take reasonably prudent steps to protect against system failures, including but not limited to back-up or shut down mechanisms. Because each end-user system is customized and differs from ImagingLab testing platforms and because a user or application designer may use ImagingLab Products in combination with other products in a manner not evaluated or contemplated by ImagingLab, the user or application designer is ultimately responsible for verifying and validating the suitability of ImagingLab Products

whenever ImagingLab Products are incorporated in a system or application, including, without limitation, the appropriate design, process and safety level of such system or application.

11. **FORCE MAJEURE.** ImagingLab shall be excused for any delay or failure to perform due to any cause beyond its reasonable control, including but not limited to acts of governments, natural catastrophes, acts of Customer, interruptions of transportation or inability to obtain necessary labor or materials. ImagingLab estimated shipping schedule shall be extended by a period of time equal to the time lost because of any excusable delay. In the event ImagingLab is unable to perform in whole or in part because of any excusable failure to perform, ImagingLab may cancel orders without liability to Customer.
12. **LIMITED INDEMNITY AGAINST INFRINGEMENT.** ImagingLab shall, at its own expense, defend any litigation resulting from sales of the Products to the extent that such litigation alleges that the Products or any part thereof infringes any patent, copyright, or trademark, provided that such claim does not arise from the use of the Products in combination with equipment or devices not made by ImagingLab or from modification of the Products, and further provided that Customer notifies ImagingLab immediately upon its obtaining notice of such impending claim and cooperates fully with ImagingLab in preparing a defense. If Customer provides to ImagingLab the authority, assistance, and information ImagingLab needs to defend or settle such claim, ImagingLab shall pay any final award of damages in such suit and any expense Customer incurs at ImagingLab written request, but ImagingLab shall not be liable for a settlement made without its prior written consent. If the Products are held to be infringing and the use thereof is enjoined, ImagingLab shall, at its option, either (i) procure for the Customer the right to use the Products, (ii) replace the Products with others which do not constitute infringement, or (iii) remove the infringing Products and refund the payment(s) made therefore by Customer. The foregoing states the Customer's sole remedy for, and ImagingLab entire liability and responsibility for, infringement of any patent, trademark, or copyright relating to the Products provided hereunder. This limited indemnity is in lieu of any other statutory or implied warranty against infringement.
13. **ACKNOWLEDGMENT/GOVERNING LAW.** Customer acknowledges reading these Terms and Conditions, understands them and agrees to be bound by them. A waiver of any provision of this agreement shall not be construed as a waiver or modification of any other term hereof.
14. **SERVICES. Limited Warranty.** ImagingLab warrants that Services will be performed in a good and workmanlike manner. Except as expressly stated in the preceding sentence, ImagingLab makes no express or implied warranties with respect to the Services, including but not limited to (a) any warranty relating to third-party products or (b) any warranty concerning the results to be obtained from the Services or the results of any recommendation ImagingLab may make, including without limitation any implied warranties concerning the performance, merchantability, suitability, non-infringement or fitness for a particular purpose of any of the deliverables or of any system that may result from the implementation of any recommendation ImagingLab may provide. In order to receive warranty remedies, deficiencies in the Services must be reported to ImagingLab in writing within 90 days of completion of the Services. **Limitation of Liability.** ImagingLab is not liable for any incidental, indirect, special, or consequential damages arising out of or in connection with the Services provided by ImagingLab, including without limitation loss of use of the Products or any other software or data, including inability to achieve a particular result, even if ImagingLab has been advised of the possibility of such damages or even if the damage is the direct result of an instruction or suggestion made by ImagingLab. Except for claims that the Services caused bodily injury (including death), ImagingLab total liability arising out of or in connection with any event or series of connected events occurring in connection with the Services shall not exceed the amount of fees paid under the separate written agreement between Customer and ImagingLab. These provisions allocate the risks under the separate written agreement between Customer and ImagingLab. ImagingLab pricing reflects this allocation of risk and the limitation of liability

specified herein. High Risk Activities. Customer understands and agrees that ImagingLab has not tested or certified its Services for use in high risk applications including medical life support, nuclear power, mass and air transportation control, or any other potentially life critical uses and makes no assurances that the Services are suitable for any high risk uses. Indemnification. Customer accepts responsibility for, and agrees to indemnify and hold ImagingLab harmless from, any and all liability, damages, claims, or proceedings arising out of (a) the failure of Customer to obtain the appropriate license, intellectual property rights, or any other permissions required to support any Products or ImagingLab performance of the Services, including but not limited to, the right to make any copies or reproductions of any Customer-provided software or (b) any inaccurate representations regarding the existence of an export license or the eligibility for export of software or other materials without a license.
