

Note to LabWindows® MXI Users

If you are using an AT-MXI or MC-MXI VXI controller, you must have NI-VXI™ version 3.10 or later for DOS or Windows to use the enclosed NI-VXI Library for LabWindows. Earlier versions of NI-VXI are not compatible with the enclosed NI-VXI Library for LabWindows.

If you do not have NI-VXI version 3.10 for DOS or Windows, contact National Instruments to receive an upgrade.
